Growing Gardens' mission is to cultivate community through regenerative urban agriculture. Our programs empower people of all ages, income levels, and abilities by connecting them with their local food system, each other, and the environment.

Our organization values the diverse skills and individuals that come together to create a thriving community and workplace. We are committed to the work we do, and bring our best selves each day, but we don't take ourselves too seriously, have fun, and enjoy the process of doing good in our community. We take care of each other and put people at the center of everything we do.

The Summer Organic Farming Intern will work in all operations on the Boulder farm, will work extensively with the Cultiva youth leaders, and must have both the ability and desire to mentor and engage with young people. The Organic Farming Internship is fast paced and requires a great deal of hard work, focus, and care. It is also deeply rewarding.
